According to Dayton ISD officials, the poor condition of a dirt road in the Simmons Bottom Subdivision caused a Dayton School Bus to collide with an unoccupied truck while picking up students yesterday morning. The bus' wheels apparently slipped in a rut on County Road # 2328 and the bus was pulled into a truck parked on the road's edge, dragging the truck for some distance before both vehicles came to a stop. Six students from Woodrow Wilson Jr. High were treated for minor injuries.

Liberty Police said two 13-year-olds were arrested Monday and charged with deadly conduct after allegedly throwing rocks, weighing roughly a half pound each, at passing cars on Hwy 90 in Liberty. The windshields of two cars were smashed and one motorist suffered minor cuts from flying pieces of window glass. Police apprehended one of the youngsters after a chase through the woods behind the Liberty Motel. The mother of the second youth turned her son over to police. The two youths have been sentenced to 10 days in the Liberty Juvenile Detention Center after which they will be brought into court once again.

Monday night the Dayton City Council voted 3 to 2 to reject all bids for employee health insurance on recommendation of City Manager Robert Ewart who said he was frustrated with bid proposals from insurance companies that did not meet the bid specifications. Of 12 sealed bids the city had received, only one, from Unicare was within the amount budgeted for health insurance. The council action means the city will continue their current package with Aetna on a month-by-month basis. The city will be going out for more bids at a later date.

According to Liberty-Dayton Area Chamber of Commerce President Gary Underwood, page three of this month's Chamber Newsletter contains an invitation to a ribbon cutting for the recently completed Hwy 90 project between Liberty and Dayton. However, after press time it was learned that State Senator David Bernsen, who wanted to attend the event was forced to cancel his participation. Underwood said he hopes to get another date from Senator Bernsen to reschedule the formal dedication ceremony, but for now the event is on hold.

The truck rolled several times, before landing in the ditch. Goode, his passenger Joe Cooke, and Ms. Theriot were all wearing seat belts at the time of the accident and were treated for minor injuries. DPS Trooper Gary Wright said John Lunen Slack, 22, of Big Sandy, Texas was killed in a one-vehicle wreck yesterday. The father of two was southbound on Hwy 146 just north of Hardin around 5:30 a.m. yesterday when he apparently fell asleep at the wheel. Trooper Wright's investigation indicates Slack's car drifted onto the northbound shoulder. The man woke up and overcorrected while attempting to steer back in to the correct lane. The car skidded into a roadside ditch and struck a culvert, flipping numerous times. John Slack, who was not wearing a seatbelt, was ejected some 15 feet from the vehicle.

Liberty County Health Authority Dr. Steven Ellerbe, said all possible precautions have been taken since a Liberty High School student was diagnosed with meningitis last Friday. The 17-year-old was admitted to a Baytown hospital and has since been released. Health officials have examined everyone who has had close contact with the student. Liberty ISD school officials said there appears to be no threat of the disease spreading and the student is expected to fully recovery.

Tuesday night the Liberty City Council agreed to erect a memorial plaque at the new city boat ramp in honor of the late Jim Belcher, who served on council from 1992 to 1996. Councilman Bruce Wright urged serious thought before the action was taken since, while Belcher was clearly deserving of the recognition, he felt controversy could be created if other worthy individuals were overlooked. After some discussion, Councilman J.C. Burnham made a motion to erect the plaque, saying the inscription should make note of Jim Belcher's service as a councilman and as county surveyor.

Tuesday night the Liberty City Council heard a series of recommendations from the city's Drainage Study Committee for solving a large number of drainage problems around the city. Council authorized some $25,000 in engineering studies of five major priority areas. Councilman J.C. Burnham made the motion to give City Manager Kerry Lacy authorization to proceed with a series of "in-house" projects around town, to be accomplished by city crews at what Lacy feels will be a nominal cost.

According to Liberty County Health Authority Dr. Steven Ellerbe, a late identification of the actual strain of this season's influenza virus has caused delays in the availability of the flu vaccine, not just in Southeast Texas, but to the entire nation. Dr. Ellerbe said at least one local health facility has attempted to order 800 doses of the flu vaccine and been told they could have only half that amount. Since it is now available only in limited quantities, the flu vaccine first needs to be administered to the elderly, chronically ill or those with weak immune systems.

-VOLUME 16 NO. 201, WEDNESDAY, OCT. ~~10~~ 11, 2000 -

****

According to Dayton Police, Everett Baldwin, 36, returned to his home on Colbert Street in Dayton around 10 a.m. yesterday and found his wife alone at the residence with Shawn Dever, 33, also of Dayton. The two men fought while Mrs. Baldwin left and called 911. Police arrived to find Dever suffering from a gun shot wound and stab wounds inflicted apparently by Baldwin with Dever's own pocketknife. There were bullet holes in the residence from where the two men had struggled over a rifle. No charges have been filed at this time since Dayton police said Dever attacked Baldwin, who acted in self-defense. Shawn Dever was transported to Memorial Hermann Hospital in Houston and is expected to make a full recovery.

The Sam Rayburn Municipal Power Agency Board met in a special called session in Liberty yesterday and fired their auditing firm, KPMG-Peat Marwick of Houston. Liberty City Secretary Bruce Mintz told directors that the agency's 1999 audit still has not been received, some 10 months after it is due and no work has begun on the 2000 audit. The board approved hiring the firm of Gainer, Donnelly and Desroches, which handles the agency's day-to-day accounting to take over work on the 1999 audit only, until the issue of a possible conflict of interest in the same firm performing the 2000 audit is resolved.

****

Liberty County Judge Lloyd Kirkham said the order prohibiting outdoor burning remains in effect until Friday, when county commissioners will hold a special meeting for the sole purpose of lifting the ban. Judge Kirkham said he and commissioners felt enough rainfall had been received to lift the order, but since it was not on the posted agenda for yesterday's meeting, commissioners were unable to take that action.

The TVE Queen's Contest is this Saturday at the fairgrounds. Contestants from all over Liberty and Chambers Counties will vie for the title of Rodeo Queen in equestrian competition held throughout the day in the TVE Arena.

According to 1st Quarter Sales and Use Tax figures released by the State Comptroller's Office gross sales in Liberty County have increased by 12.3 % compared to the 1st quarter of 1999. Although the number of reporting outlets in the county is down slightly from this time last year, gross sales in retail trade reported countywide in the 1st quarter of last year totaled just over $301 million. Gross sales for this year's 1st quarter totals just under $345 million, an increase of 14.5%. That figure is a half per cent higher than the statewide average in retail trade.

Liberty Emergency Services Director Jamie Galloway said his that department's transfer policies now prohibit simple non-emergency out-of-town transfers by city EMS personnel. Galloway said runs to transfer non-emergency patients to other hospitals have been tying up crews for as long as four hours, limiting the services ability to cover emergency calls within the city limits. Under the new policy, residents should still call 911 in any emergency situation, but transportation to another hospital will be assessed at the scene, on a case-by-case basis.

Thursday the Liberty County Health Awareness Coalition will hold their 2nd annual domestic and gang violence conference. The day long event will cover topics such as domestic violence, sexual abuse, elderly and child abuse and gang violence. There will be information on various resources available in Liberty and surrounding counties for victims of violence. The conference will be held at the 1st Baptist Church in Dayton from 8:30 AM-4:30 PM. Call 334-8000 for more information.

The Hardin Hornets continue their winning ways, defeating Deweyville 26-14, in Friday night high school football action. The Hull-Daisetta Bobcats handed West Hardin a shut-out loss Friday night, 21-0. The Dayton Broncos went to 1-1 on district play loosing by one point to the Willis Wildcats, 18-17, and the Liberty Panthers in their last warm up before district play lost to the Coldspring Trojans, 25-20.

According to Department of Public Safety Trooper Bobby Risch, Vicki Ayala, failed to stop for traffic that slowed to stop for a Hardin ISD bus picking up children along 146 Friday morning. Ayala hit the back of William Wainscott's car, pushing him into a car driven by Rita Shoemake. Shoemake's car careened across the road and into a telephone pole. All three drivers were taken to the hospital by Liberty Co. EMS. None of the 3 were seriously injured. According to Trooper Risch, Ayala was ticketed for failure to control speed and no liability insurance.

The Trinity Valley Exposition goes into full swing next week. Rodeo tickets are already on sale at 1st Liberty National Bank and the Dayton Financial Center as well as Baskin's Department Store in Liberty. Also, the carnival fun pass is available at BJ Ford Mercury. For $34.95 it allows unlimited access to all of the rides at the carnival.

The Windmill, an East Texas Eatery in Dayton is listed in the Oct. issue of Texas Monthly's Restaurant Guide as a great place to stop and ease hunger pains. The review cites the Windmill's grilled pork chops as being "delectable" and touted the local restaurants desserts. The Windmill review is on page 221.
